WHERE ARE WE

EMUNI is in Koper, which is one of Slovenia's oldest towns and the 6th-largest city in Slovenia, with a population of around 25.000. Koper is a rich tapestry of history and culture. The town boasts a rich heritage that dates back to the Roman Empire, when it was known as Capris. Over the centuries, Koper has been shaped by a variety of influences, including Byzantine, Venetian, and Austro-Hungarian periods, each leaving a lasting imprint on its architecture and cultural traditions.

Today, alongside its rich historical and cultural heritage, Koper stands out as an important centre of education. The city is home to the Euro-Mediterranean University (EMUNI), which brings together researchers and students from across the globe, as well as the University of Primorska, the central public university in the Slovenian coastal region. The Koper Adult Education Centre (Ljudska univerza Koper) also plays a vital role by offering a wide range of lifelong learning opportunities for adults. Together, these institutions create a diverse, accessible, and dynamic educational environment that enriches the local community and supports the city's development.

Koper is easily accessible thanks to well-developed highway connections from various European cities. Please note that an [e-vignette](#) is required for driving on Slovenian motorways. The A1 motorway connects Koper with Slovenia's capital—**Ljubljana** is just 100 km away, approximately a one-hour drive.

If you are travelling **from Italy**, the road linking Koper and Trieste offers a convenient route, taking around 25 minutes (20 km).

Visitors arriving **from Croatia** can use the border crossings at Sečovlje, Dragonja, Sočerga, Podgorje, Starod, or Jelšane, and then continue along regional roads towards Koper.

Parking regulations are strictly enforced within the city. Most parking zones require payment, while certain public car parks are payable only during part of the day, and some are free of charge on weekends. (Please note that the [official web page](#) for parking information is available only in Slovenian and Italian.)

Slovenia has international rail connections with Croatia, Italy, Austria, Hungary, Serbia, Czechia, Germany, and Switzerland, with indirect links to many other European countries.
