

Based on the Grant Agreement concluded with the Slovenian National Agency, the Centre of the Republic of Slovenia for Mobility and European Educational and Training Programmes (CMEPIUS), the Euro-Mediterranean University (EMUNI), Pristaniška ulica 14, 6000 Koper, Slovenia, hereby announces the

CALL FOR APPLICATIONS FOR ERASMUS+ STUDENT MOBILITY Co-Funding Opportunities for Study and Traineeship Mobility Academic Year 2026/2027

The Erasmus+ programme aims to support the educational, professional, and personal development of participating students and graduates. It also promotes equal opportunities, access, inclusion, diversity, and fairness across all its actions. In addition, the programme contributes to the EU's broader objectives in the areas of digital transformation, sustainable development, environmental protection, and active citizenship.

This call is intended for EMUNI University students who wish to undertake an Erasmus+ study or traineeship mobility abroad during the academic year 2026/2027.

Through this measure, the mobility aims to achieve the following objectives:

- Improve employability and career prospects,
- Foster initiative and entrepreneurship,
- Strengthen language skills,
- Increase intercultural awareness.

Students can take part in the following types of Erasmus+ mobility:

- **Study mobility**

Students may complete part of their studies at a partner higher education institution with which EMUNI University has a valid Erasmus+ Inter-Institutional Agreement. The study programme must be agreed upon in advance and approved by both institutions through a Learning Agreement for Studies.

The list of institutions with which EMUNI has concluded Erasmus+ inter-institutional agreements is available at <https://emuni.si/erasmus-mobility/>.

- **Traineeship mobility**

Students may gain practical work experience at an eligible higher education institution, company or other organization abroad. Students are responsible for finding a suitable host institution and arranging the traineeship in cooperation with EMUNI University. The traineeship programme must be approved in advance through a Learning Agreement for Traineeships.

- **Short-term blended mobility (Blended Mobility)**

Under the Erasmus+ programme, students may also participate in short-term blended mobility activities, such as summer schools, intensive study programmes and other short educational programmes abroad. This type of mobility combines physical mobility abroad, normally lasting between 5 and 30 days, with a mandatory virtual component. The programme must be related to the student's field of study, approved in advance by EMUNI University and allow students to earn at least 3 ECTS credits.

All types of mobility are eligible for Erasmus+ funding, subject to eligibility requirements and the availability of funds.

Who can apply?

Students enrolled in master's or doctoral study programmes at EMUNI University who hold valid student status during the mobility period, have not used the maximum 12 months of Erasmus+ mobility in their current study cycle and meet the requirements of the host institution. For recent graduates, eligibility for traineeships is subject to the applicable Erasmus+ rules, and participants must be selected before graduation.

The total duration of mobility (study and/or traineeship), including completed and planned periods, may not exceed 12 months per study cycle.

The deadline for the first selection round is 15 November 2026. Applications received by this date will be considered together. If funding remains available, the call will reopen in February 2027.

All mobility activities must be completed by 31 July 2027.

Duration:

- Long-term study and traineeship mobility: 2 to 5 months.

Under this call, the duration of long-term study and traineeship mobility is limited to 2 to 5 months, depending on the availability of funding. This limitation applies specifically to this call and does not represent the general maximum duration permitted under the Erasmus+ programme.

- Short-term physical mobility, where eligible, normally lasts between 5 and 30 days and is subject to the applicable programme conditions.

Online Language Support (OLS)

All selected candidates shall take an online language test via the OLS web portal for the main language used in the host country. If the result of the online test before the mobility is C2, the student is not required to take the online test at the end of the mobility.

Learning Agreement for Studies or Traineeships

Before mobility begins, the student, EMUNI and the host institution or organization must approve the relevant Learning Agreement for Studies or Learning Agreement for Traineeships, specifying the planned activities and recognition of learning outcomes.

Grant Agreement

Participants are eligible for financial support based on a Grant Agreement signed before the mobility period. The agreement specifies the grant amount, comprising travel support and individual support.

The calculation and payment of the participant's final grant amount depend on the submission of all required supporting documents specified in the individual Grant Agreement.

Individual support for physical mobility

Individual support is intended to cover costs directly related to participants' subsistence during the activity. The amount of support generally depends on the host country.

Destination	Amount of Individual support per month in EUR
Austria, Belgium, Denmark, Finland, France, Germany, Iceland, Ireland, Italy, Liechtenstein, Luxembourg, the Netherlands, Norway, Sweden.	674
Cyprus, Czech Republic, Estonia, Greece, Latvia, Malta, Portugal, Slovakia, Slovenia, Spain.	606
Bulgaria, Croatia, Lithuania, Hungary, Poland, Romania, North Macedonia, Serbia, Turkey.	550

a. Top up for students and recent graduates in traineeships

Top up additional amount for individual support is **150 EUR per month**.

b. Top up for students and recent graduates with fewer opportunities

Top up additional amount for individual support is **250 EUR per month**.

Short-term physical mobility

Students and recent graduates undertaking short-term physical mobility in any country receive basic support of EUR 79 per day up to and including the 14th day of the activity and EUR 56 per day from the 15th to the 30th day, in addition to support for funded travel days.

Students and recent graduates with fewer opportunities undertaking short-term physical mobility receive, in addition to basic individual support, EUR 100 for a physical mobility period of 5–14 days or EUR 150 for a period of 15–30 days.

Travel support

Travel support is determined in accordance with the applicable Erasmus+ project rules, distance band and mode of travel (standard or green travel). The applicable amounts will be confirmed in the individual Grant Agreement.

Participants claiming green travel support must provide appropriate supporting evidence as required by the applicable project rules.

Students travelling using green travel options are eligible for additional financial support in accordance with the applicable Erasmus+ programme rules. Students are required to provide appropriate supporting documentation as proof of green travel.

Erasmus Student Charter

Students must familiarise themselves with the Erasmus Student Charter, published on the EMUNI website: <https://emuni.si/wp-content/uploads/2025/08/Erasmus-Student-Charter.pdf>.

HOW TO APPLY?

Applicants must submit the **online application form**: <https://1ka.arnes.si/a/1a288699>

Mobility implementation: Mobility must be completed before 31 July 2027.

Students who consider themselves to have fewer opportunities may indicate this in their application.

Eligibility for additional support will be assessed confidentially, in accordance with the applicable CMEPIUS criteria and based on appropriate supporting documentation.

The following are examples of potential barriers that do not, in themselves, automatically qualify a participant for the EUR 250 monthly top-up:

- Special needs (physical, mental, intellectual or sensory disabilities),
- Health problems (chronic illnesses, physical and/or mental conditions that impair functioning),
- Cultural barriers (including barriers experienced by migrants, refugees or ethnic minorities),
- Social barriers (limited social skills, risk behaviours, family circumstances),
- Economic barriers (low income, low standard of living, poverty, unemployment, dependence on social assistance),
- Discrimination-related barriers (including discrimination based on personal circumstances),
- Geographical barriers (participants from remote and/or less developed areas).

Selection criteria

If the number of eligible applications exceeds the available funding, the EMUNI Erasmus+ Mobility Selection Committee will evaluate and rank applicants according to the criteria below. Each criterion will be assessed consistently, and the weighted scores will be combined to determine the final result.

In the event of equal total scores, priority will first be given to second-year students or students who have completed at least 20 ECTS credits in their current EMUNI study programme, and then to students who have not previously participated in Erasmus+ mobility.

CRITERIA	WEIGHT
Motivation letter or statement of interest in mobility	30 %
Quality and relevance of the proposed mobility to the student's field of study and personal or professional development	30 %
Invitation letter or other evidence of communication with the host institution regarding the proposed mobility. The submission of an invitation letter or other evidence of communication with the host institution is not mandatory at the time of application. However, applicants who provide such documentation will receive additional points in accordance with the selection criteria.	20 %
Participation in other institutional activities and other forms of student engagement	10 %
Students with fewer opportunities	10 %

Applications will be evaluated by the EMUNI Erasmus+ Mobility Selection Committee. Applicants will receive the selection decision in writing within 14 days of the relevant selection round.

The Committee may invite applicants for an interview if further clarification is required.

Applicants may appeal within seven calendar days of receiving the decision. Appeals must be sent to erasmus@emuni.si.

Students' rights and mobility implementation

Selected students may undertake approved mobility and receive recognition of successfully completed activities in accordance with the Learning Agreement. For study mobility, Erasmus+ rules on exemption from tuition fees at the host institution apply, subject to permitted minor charges.

Following selection, EMUNI nominates study mobility candidates to partner institutions. The final decision on admission is made with the host institution. Traineeship participants find a suitable host organization independently, in cooperation with EMUNI. The Learning Agreement and Grant Agreement must be completed before departure.

Students who withdraw from mobility must notify the International Office in writing as soon as possible. Funding may then be offered to the next eligible applicant, subject to the availability of funds and the selection ranking.
